## From the Ordo...

The Eucharist joins heaven and earth; it embraces and penetrates all creation. The world which came forth from God's hands returns to him in blessed and undivided adoration in the bread of the Eucharist, "creation is projected towards divinization, towards the holy wedding feast, towards unification with the Creator himself". Thus, the Eucharist is also a source of light and motivation for our concerns for the environment, directing us to be stewards of all creation. *Laudato Si (2015) 236*
