What are Sacraments? Continued...

Catholics believe... that sacraments point to and are channels of God's grace (**grace** as God's free gift of His presence, His help, and His salvation). They work as an effective means of communication between God and His people...

The sacraments are instituted by Christ. Christ instituted all seven sacraments as ways in which He could be present to His people even after His Ascension into Heaven.

The sacraments are also entrusted to the Church. Christ gave the sacraments to the Church so that the Church could dispense them to the faithful.

The sacraments dispense divine life. People who receive the sacraments actually share in the divine life of God. His presence enters into *their whole being*, He helps them to live the Christian life, and He saves them so that they may reach eternal life. Culled from Amy Troolin
