

Goodbye 2018

Monday, 31 December 2018

The last day, the last hour and the last minutes of the year are for many of us the times we pull it all together. The time we quietly reflect and recollect all our experiences. A time we try to make sense of them. A time we tend to "compare scores" with others, square them up and ask ourselves some soul searching questions. What could I have done better?

While it is good for us to ask ourselves soul searching questions, it is also good to affirm ourselves. The fact that we have lived to this day means we are resilient. We could have given up? But we "hung in there" and fought to the finish. Thank you for being you. Believe it or not, you made the world go round. For me, you are awesome. You are a gem in this life.

On this note I will say goodbye to 2018 with a Hebrew Parable. "God is light. Prosperity is His shadow. When you walk towards God, His shadow will follow you. But when you chase His shadow without chasing Him, you will never catch His shadow". For prosperity, wellbeing, Shalom, are all fruit of our relationship with God. May you walk towards God in 2019.
