## SESQUICENTENARY PROJECT

As part of St Patrick's Catholic Parish Sesquicentenary Celebrations, the pathways around the church and to the presbytery and amenity block are being paved.

Included in this paving project will be a "Memory" section to include engraved pavers (see image right) in a contrasting colour to the rest of the paving.

The engraved paver will create an opportunity to remember past and current parishioners by having their names permanently installed in the paving around our church.

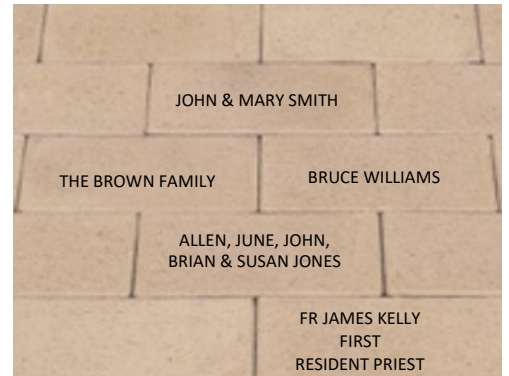

Parishioners are invited to purchase an engraved paver for this special "Memory" section.

Parishioners may purchase one or a number of pavers reflecting their desire to remember extended family and friends with association over the years with St Patrick's Catholic Parish.

The cost per paver is **\$40**

Closing Date for Purchase: **15th August, 2020**

Orders can be placed at the Vinnies Centre, 192 Bourke Street, Glen Innes or left in the specially marked container at the Church, if people are attending Masses on the weekends.
